# Indigenous Plants of MNYY

**Blue Bottle-daisy**
*Lagenophora stipitata*

Small thistle like base with purple-white flower

**Coastal Burnweed**
*Senecio minimus*

Long waxy leaves with a toothed edge, symmetrical

**Common Raspwort**
*Gonocarpus tetragynus*

Small shrub with small, slightly serrated leaves

**Cranberry Heath**
*Styphelia humifusa*

Small prickly shrub with fine ‘hairs’ and red flowers

**Father-and-Child Plant**
*Euchiton japonicus*

Smooth green (top) and white (bottom) leaves with non-descript flower spikes

**Guinea Flowers**
*Hibbertia* species

Rosemary-like leaves, obvious vein and symmetrical

**Hairy Willowherb**
*Epilobium hirtigerum*

Soft, slightly serrated leaves, red stem, very symmetrical

**Running Postman**
*Kennedia prostrata*

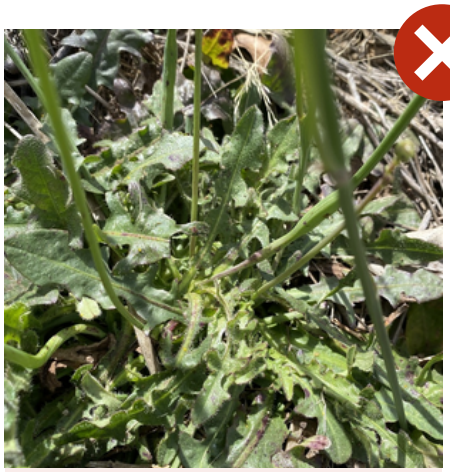

Ground-covering plant with undulating leaves in 3's

**Wooly Riceflower**
*Pimelea octophylla*

Hairy spikes with ‘rice-like’ flowers and dense seed head

# Weedy Plants of MNYY

**Cat's Ears**
*Hypochaeris radicata*

Low-growing thistle, ragged edge and tall flower spikes

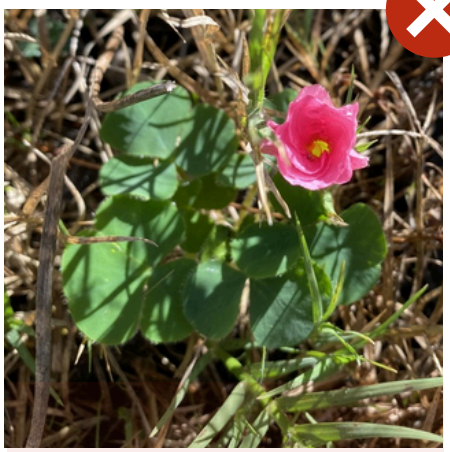

**Gorse**
*Ulex europaeus*

When young, quite vertical, spiky leaves and woody stem

**Inkweed***
*Phytolacca octandra*

Long leaves, green to red and dense fruit spike

**Purple Woodsorrel**
*Oxalis purpurea*

Large leaves in 3's with purple or white flowers

**Rose-scented Geranium**
*Pelargonium graveolens*

Lime-green textured leaves, hairy stem and purple-white flowers

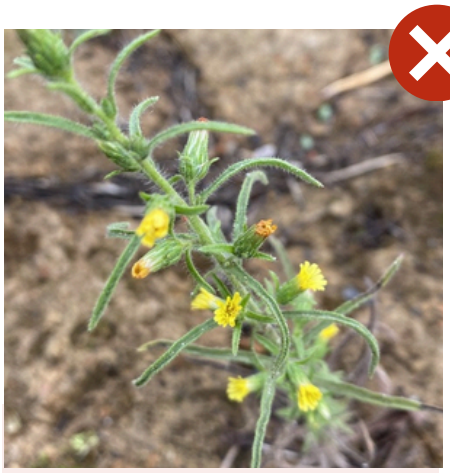

**Scarlet Pimpernel**
*Lysimachia arvensis*

Ground cover with leaves in a 4 and varied coloured-flowers

**Spear Thistle**
*Cirsium vulgare*

Ground-growing with prickly green (top) and white (bottom) leaves

**Stinkwort**
*Dittrichia graveolens*

Sticky, erect and hairy thistle with many yellow flowers

**Tropical Horseweed**
*Erigeron sumatrensis*

Ground-growing with soft, serrated leaves and large flower spikes
